PHYSICAL AGILITY TEST WAIVER AND RELEASE

Rincon Fire Department
Firefighter Selection Process

I, _____ (print your name), having filed an application to participate in examinations to be held by the Rincon Fire Department/City of Rincon, for the position of firefighter, having been advised that as part of the examinations, it will be necessary for me to demonstrate my physical skills and abilities in a series of test, and I hereby acknowledge that the physical test have been explained to me and that I understand the requirements of the physical tests, and I do hereby in consideration of the Rincon Fire Department/ City of Rincon permitting me to participate in such examinations, waive and release the Rincon Fire Department/ City of Rincon, its officers, agents and /or employees, from any and all claims, damages, or liability whatsoever which might accrue or arise as a result of any injury or damage that I may sustain as a result of participating in such examinations. I further state that I am not aware of any condition, physical, or otherwise which could be aggravated, worsened, or otherwise be adversely affected by my participation of these tests. I make this release for myself, my heirs, executors, assigns and/or administrators and I hereby agree to indemnify and hold harmless the Rincon Fire Department/City of Rincon for all expenses, damages, and cost and attorney fees. Further, I understand and acknowledge that I am not an employee of the city of Rincon and therefore I am not covered by the City of Rincon's workers compensation coverage.

I CERTIFY THAT I HAVE READ THE FOREGOING WAIVER AND RELEASE

GEORGIA FIREFIGHTER STANDARDS AND TRAINING COUNCIL

PHYSICAL AGILITY TEST ACCEPTANCE FORM

By signing below I hereby verify that the physical agility test currently utilized by the _____ Fire Department meets or exceeds the Physical Agility Test as approved by Georgia Firefighter Standards and Training Council.

The following series of tasks comprise the approved physical agility test as specified in OCGA 25-4-8(a) (5). All of the six tasks must be completed in seven minutes or less.

1. Stair Climb
The candidate, given a rolled 50-foot section of 1½ or 1¾ inch diameter hose and a multi-story structure, shall carry the hose section up one flight of stairs to the second floor and then return to the starting point with the hose. This exercise simulates the fire ground operation of carrying a section of fire hose to and from an upper level of a structure.
2. Ventilation Exercise
Given a fire department axe and standing on level ground with a target (such as a wooden pallet) placed on the ground in front of them, the candidate must strike the target with the axe 20 times. The axe must be brought completely over the shoulder to simulate a chopping motion as if cutting a ventilation hole. This exercise simulates the fire ground operation of cutting a ventilation hole using an axe.
3. Ladder Extension
The candidate, given a 24-foot aluminum extension ladder in a securely supported vertical position, must extend the fly section of the ladder to the top rung. The candidate must then lower the fly section in a controlled fashion to the starting position. This exercise simulates the fire ground operation of extending and lowering the fly section of a ground ladder as to reach an upper story of a structure.
4. Hose Advance
The candidate, given a charged (75 PSI nozzle pressure) 100-foot 1½ or 1¾ inch hoseline, shall pick-up the nozzle and advance the pressurized hoseline for a distance of 50 feet. After reaching the destination, the candidate shall lay the hose on the ground. This exercise simulates the fire ground operation of advancing a charged hoseline to a fire.

Supplying or condoning the submission of false information to this agency may be a violation of the criminal code of Georgia (Georgia Law 1968PP1249,1310).

5. Rescue Drag

The candidate, given a 165-pound dummy on a level paved surface, shall drag the dummy a distance of 50 feet. This exercise simulates the fire ground operation of an emergency removal from a hazardous area of a team member or victim who may be rendered incapacitated.

6. Ladder Removal/Replacement

The candidate, given a 14-foot roof ladder placed in a horizontal position at a height of 5 feet and with the ladder rungs in a vertical position, shall lift the ladder from it's support and place it on the ground then pick it up and return it to it's original position. This exercise simulates the fire ground operation of removing from and replacing a ladder on its mounting bracket on the fire apparatus.
